Dear Star Novak,

I would like to thank you for providing this opportunity for donating to the Haiti Relief effort. Craig Smith informed me of the operation you have initiated for helping in the relief efforts. Your commitment of requesting tangible items such as medical aid instead of monetary contributions is what caught my interested and drove me to donate. It is comforting to know that this will be going to a great cause and good people like yourself, Craig and others associated with McFarlane Aviation are dedicated to this matter.

Thank you for taking the time to help those in need.

Sincerely,

Steve Voukidis
