

AeroLEDs Tefzel Shielded Wire

Tefzel Shielded Wire (25 ft spools) is light, thin, and resistant to most chemicals, heat, age, cuts and oil. It's designed for aerospace applications where dimensional tolerance, weight, and mechanical durability are required.

Part Number: 00-8677

Technical Specifications:

- Conductor Count: 4
- Wire Size: 20 AGW
- Temperature Rating: 150 °C
- Voltage Rating: 600 Volts R.M.S

Part Number: 00-8678

Technical Specifications:

- Conductor Count: 4
- Wire Size: 18 AGW
- Temperature Rating: 150 °C
- Voltage Rating: 600 Volts R.M.S
