

**Cessna Inspection Plates**

Now offering replacement inspection plates with multiple finish options and cost savings!  
A perfect solution for Cessna 150, 152, 172, and 175 models.

- Replace missing and damaged plates
- Bare, primed, or painted — more options provide easier installation!
- Treated for anti-corrosion
- Save 50%
- Quantity discount available!

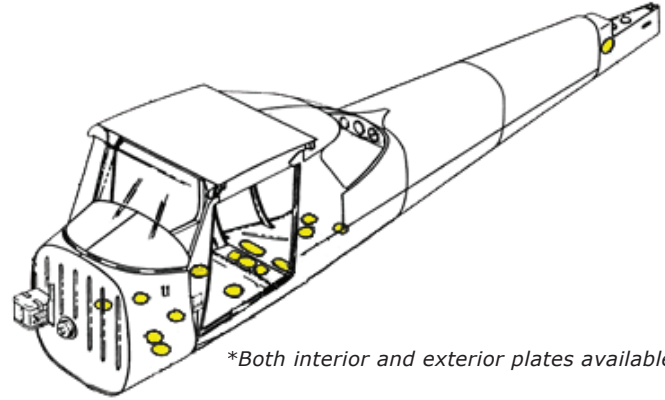

**Save time with easier installation and multiple finish options!**

**Easier installation with multiple finish options!**  
All plates are made of Aluminum Alclad, 2024-T3

**Primed use P/N MCS225-1 or MCS225-2**  
Washed and primed with non-chromate anti-corrosion mixture to ensure a longer lasting product, resistant to corrosion.

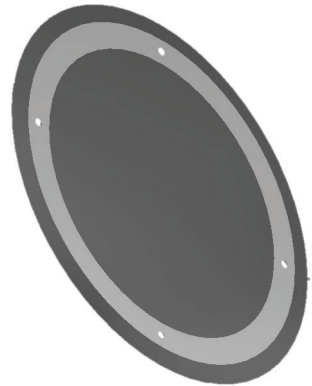

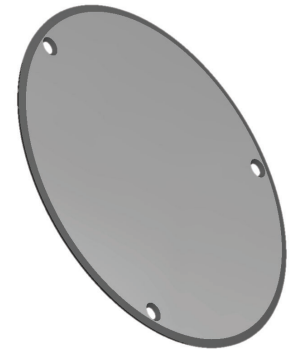

**Bare use P/N MCS225-1B or MCS225-2B**  
Features the bare aluminum plate. A non-chromate anti-corrosion wash is only applied to the primed and painted plates.

**Top Coat use P/N MCS225-1T or MCS225-2T**  
Follows the same process as the primed, but will feature an additional step of adding a top coat of Vestal White paint.

\*Both interior and exterior plates available
